

21. In conclusion, compelling evidence in this sworn affidavit including EXHIBITS 1 thru 23 is sufficient to persuade most reasonable people that dangerous conflicts of interest between U.S. Federal health officials and this Rockefeller-established trust are grossly genocidal and frankly criminal. This cartel of drug/media industrialists are killing far more than 1 million Americans annually according to my highly conservative calculations as an expert in this field.

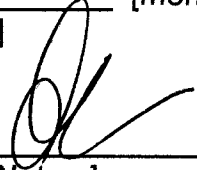

22. For reasons written above, I pray that this honorable Court will carefully examine the evidence exhibited and referenced herein, and rule judiciously by granting an immediate injunction on the FDA's licensing and health agencies' administration of the specious swine flu vaccines until this urgent evidencing of genocide and anti-trust violations can be sufficiently studied and due process of law applied.

23. I declare under penalty of law that the foregoing is true and accurate.
