

## United States Senate

WASHINGTON, DC 20510-4606

March 30, 2009

Mr. Byron Wine, III  
8227 Depot Pl  
Manassas, VA 20112-3169

Dear Mr. Wine,

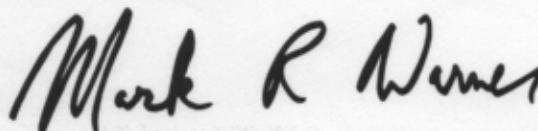

Thank you for contacting me. Since we opened our doors on January 6, we have been contacted more than 100,000 times by individuals from across the Commonwealth. In the face of this unprecedented volume, we have been located in transition offices with limited equipment and staff.

Virginians have contacted my office about the economic stimulus, small business, health care, immigration, and numerous other critical topics. I appreciate hearing from each one of you because understanding your views and those of our fellow Virginians is fundamental to my job.

I am honored to serve as your United States Senator. My top priority in the Senate is to provide efficient and effective constituent service to all Virginians. I know that many of you have contacted us on matters of personal concern. If you need assistance resolving a specific problem with a federal agency, please contact my office at (202) 224-2023. Otherwise, please be assured that we are reading your comments and opinions.

Again, thank you for taking the time to share your views and experiences with me. As the 111<sup>th</sup> Congress moves forward, please continue to be in touch with your views.

Sincerely,

MARK R. WARNER  
United States Senator
