Dear FOIA Officer:

The Freedom of Information Act ("FOIA") is one of the most important tools for government transparency and accountability. In their mission to find waste, fraud, and abuse, the oversight and investigative committees of Congress, including the Committee on Oversight and Government Reform ("Committee"), are often assisted by tips, complaints, and briefings from media organizations, watchdog groups, and concerned citizens. These private-sector actors are often the first to become aware of federal inefficiency or malfeasance. FOIA allows them to scrutinize the activities of federal agencies. Without FOIA, they could not hold the government accountable, nor could they provide crucial assistance to Congressional oversight. President Obama recognized the importance of FOIA when he made it the subject of an executive memorandum on his second day in office.¹

The Committee, as the principal oversight committee in the House of Representatives with broad oversight jurisdiction as set forth in House Rule X, is very interested in ensuring that all federal agencies respond in a timely, substantive, and non-discriminatory manner to requests for information under FOIA. To enable the Committee to understand the impact of recent changes to FOIA procedures and to evaluate agencies' compliance with FOIA, please provide the following information, records, and explanations by **February 15, 2011 at 5:00 pm**.

1. Provide your agency's FOIA log(s) for the five years preceding the date of this letter, in Microsoft Excel or a similar format that allows sorting by column or information category, including at least the following information: (a) the name of the requestor; (b) the date of the request; (c) a brief description of the documents or records sought by the request; (d) any tracking number assigned to the request by your agency pursuant to Section 7 of the OPEN Government Act of 2007²; (e) the date the request was closed, if it is not still outstanding; (f) whether any records were provided in response to the request;

¹ The White House, Memorandum for the Heads of Executive Departments and Agencies, Jan. 21, 2009, available at http://www.whitehouse.gov/the_press_office/FreedomofInformationAct/ ("[T]he Freedom of Information Act, which encourages accountability through transparency, is the most prominent expression of a profound national commitment to ensuring an open Government").

² Pub. L. No. 110-175.

and (g) any additional identification number or code assigned to the request by your agency for internal use.

2. On each log provided in response to Request No. 1, identify each FOIA request to your agency that was submitted more than 45 days prior to the date of this letter and to which your agency has not yet issued a complete and final response.

3. For each FOIA request identified in response to Request No. 2, provide all communications between your agency and the requestor.

4. Identify any federal judicial action in which your agency, within the five years preceding the date of this letter, has been ordered by the court to pay any attorneys' fees or other litigation costs incurred by a FOIA requestor under 5 U.S.C. § 552(a)(4)(E) or under any similar law or regulation.

5. For each federal action identified in response to Request No. 4, provide a copy of the court order requiring your agency to pay attorney fees or other litigation costs.

Please note that for purposes of responding to this request, the terms "records," "communications," and "referring or relating" should be interpreted consistently with the attached Definitions of Terms.

Thank you for your prompt attention to this matter. If you have any questions regarding this request, please contact Hudson Hollister or Tegan Millspaw with the Committee staff at (202) 225-5074.

Sincerely,

Darrell Issa
Chairman
